

The Jews and the 10

Commandments

The Jews were Gods chosen people. They had the law of God, which tells us about how we should love mankind, and God.

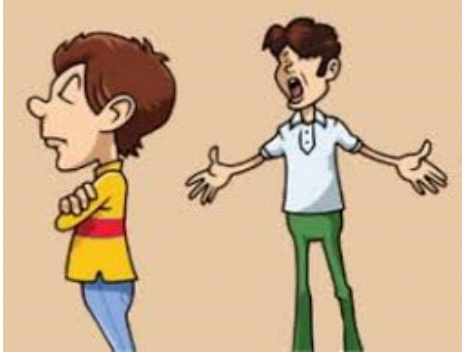

Over a period of time,

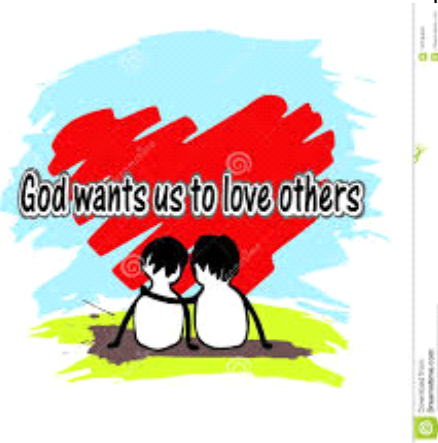

the Jews forgot about keeping the last 6 commandments and only kept the first 4. They only loved showed love to God,

and not mankind.

When Jesus came, he had to teach people how to love mankind.

He taught them the importance of loving mankind and God.
