

Modern Israel:

Part 1

The Alpha of Modern Israel

The Alpha of Modern Israel is the 3rd out of 4 key Reform Lines. These Reform Lines are: The Alpha and Omega of Ancient Israel, and, The Alpha and Omega of Modern Israel.

Why is The Alpha of Modern Israel Important?

Isaiah 46:10

Declaring the end from the beginning, and from ancient times [the things] that are not [yet] done, saying, My counsel shall stand, and I will do all my pleasure

In the verse above, we can pick up an important principle. This is that the beginning teaches us, or helps us understand the end.

The Alpha of Modern Israel is important because it will teach us about the Omega of Modern Israel.

The Waymarks and Events of The Alpha of Modern Israel

The Alpha of Modern Israel — like other Reform Lines —, follows the structure of 5 key waymarks and 4 dispensations.

The history begins in the year **1798**, which is the **Time of the End**. At this time, a message is unsealed. In the same year, Pope Pius VI was taken captive by General Berthier and, The Alien and Sedition acts are signed into law.

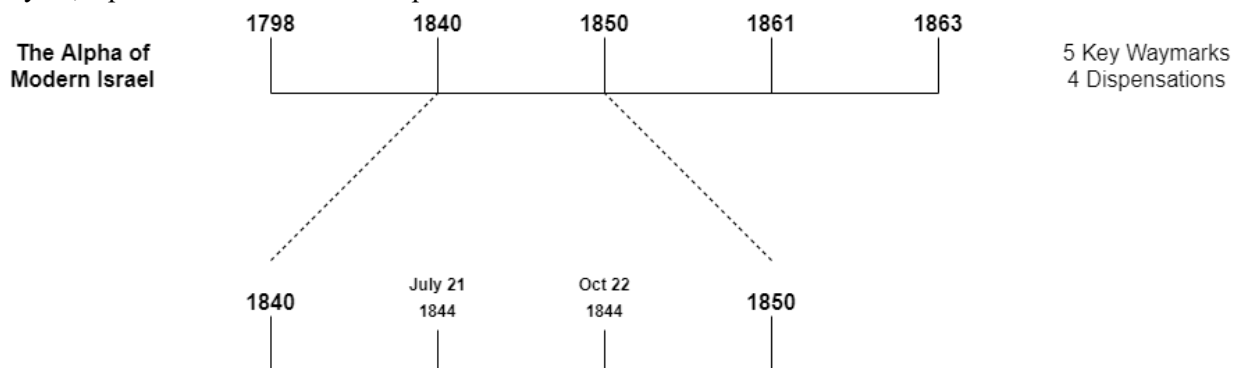

The next waymark in that history is **1840**. In this year, there was an American presidential election, and an acceptance of guarantees from the Great Powers by the Ottoman Empire.

After this, in **1850**, The Compromise of 1850 and The Fugitive Slave Law is passed.

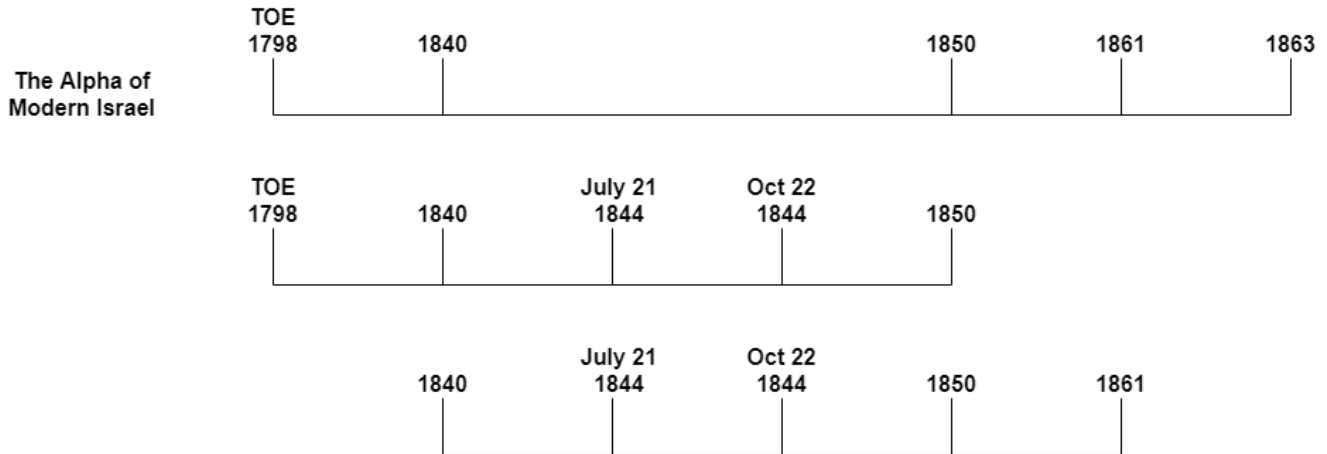

In **1861**, the American Civil War begins.

In **1863**, the Battle of Gettysburg takes place. This was a significant turning point in the Civil War.

Between 1840 and 1850, there are a few significant events that take place. One of these was the year **1844**. In this year, a presidential election took place.

The Alpha of Modern Israel contains fractals.

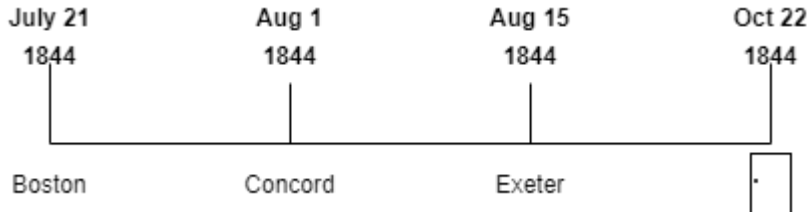

In 1850, God’s people become Laodicean. They **fail** to complete their mission. Therefore, the **Alpha of Modern Israel is a history of Failure.**

The Repeating Pattern

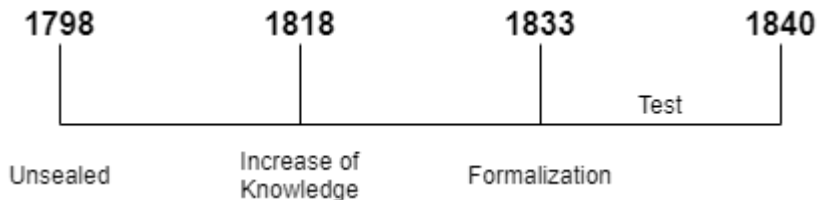

From July 21 till October 22, there were significant events that took place.

On July 21, there was a camp meeting in **Boston**, where Samuel Snow, gave a message. A few days later, there was a camp help in **Concord**, where he gave the message again. Finally, he gave the same message on August 15 at a camp meeting held in **Exeter**. Throughout this time, the message was swelling, and led to a shut door.

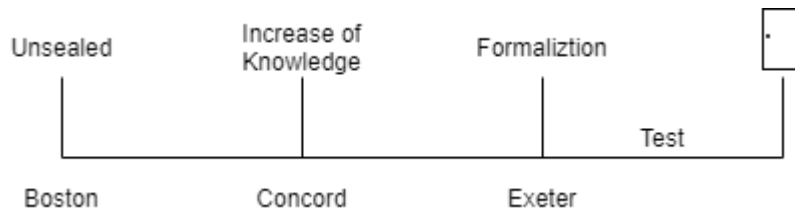

The pattern that occurs between July 21 and October 22 is can be seen in the history from 1798 to 1840.

In 1798, a **Message is Unsealed**. In 1818, there is an **Increase of Knowledge** on that message. Some years later in 1833, the message is **Formalized**, and after that there is a **Test**.

By looking at the pattern between July 21 and October 22, and 1798 and 1840, we can see that there is a **development of a message** which then leads to a **test**, and a **shut door** after that.

Based on the fact that the pattern of the development of a message is seen twice, we can conclude that it is a **Repeating Pattern**. We can also see that it will be repeated in every dispensation.
