

# The End of Modern Israel

The history of the End Modern Israel is the time in which we live. It began in 1989, and ends at the 2<sup>nd</sup> Advent.

In 1989, God began to gather a people. This was done so that people could be taught about God.

To begin this work, God raised up a person by the name of Jeffery Pippenger.

Jeff Pippenger taught that a literal Sunday Law was going to be passed in The United States of America.

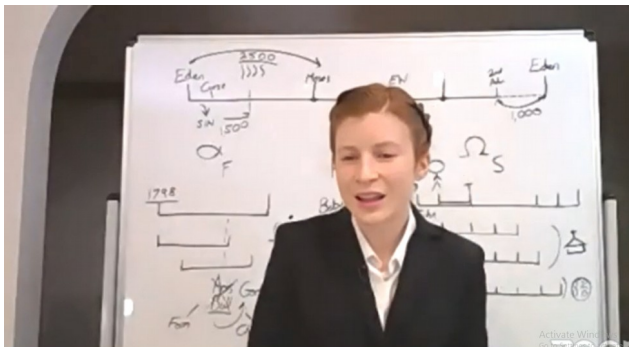

He used Daniel 11:41 and SOP to do so. He thought that the entering into the Glorious Land was a literal Sunday Law, but this is not correct.

SOP means Spirit of Prophecy, and they are the books that were written by Ellen. G. White.

Later, it was learnt that it is not a literal Sunday Law that will be passed in America. This has been taught by 2 people that God has raised up, by the names of Parminder Biant, and Tess Lambert.

Parminder Biant

Tess Lambert

They have corrected the mistakes that were made at the beginning.

Because of all this, it means that Gods people will be Successful. This means that our history is a History of Success.
